REQUEST FOR PUBLIC INPUT

One of the agenda items for the October 19, 2004 meeting for the Advisory Committee on Managed Health Care is the Committee's top five recommendations to the Director of the Department of Managed Health Care. These recommendations will be included in the Committee's annual report to the Director, the Governor, and the Legislature.

Public input is an important part of the process. Please let the Committee know your top five recommendations for improving the health care delivery system and quality of care.

Please email your recommendations by October 5, 2004, to geninfo@dmhc.ca.gov. Once the recommendations from the public have been received, the compiled information will be provided to the Committee for their consideration.

Be sure you include only your list of five recommendations – we are unable to respond to other issues or answer questions through this process. If you have questions or concerns, you may want to contact our 24-hour HMO Help Center at 888-HMO-2219, or email your question to www.hmohelp.ca.gov.
